Re: WC Docket No. 11-42 - Lifeline and Link Up Reform and Modernization
CC Docket No. 96-45 - Federal-State Joint Board on Universal Service
WC Docket No. 03-109 - Lifeline and Link Up
NOTICE OF EX PARTE PRESENTATION

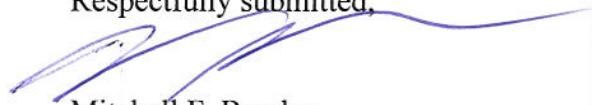

Dear Ms. Dortch:

On August 11, 2011, Javier Rosado, Senior Vice President - Lifeline Services, TracFone Wireless, Inc. (TracFone) and I, on behalf of TracFone, met with members of the Wireline Competition Bureau Telecommunications Access Policy Division. Those members included Kimberly Scardino, Divya Chenoy, Cindy Spiers, Robert Finley, Jamie Susskind, Jonathan Lechter, and Graham Dufault.

During the meeting, we discussed various issues before the Commission in the above-captioned Lifeline Reform and Modernization proceeding. Issues discussed included a) whether and how the Commission should establish a non-usage policy for de-enrolling Lifeline customers who do not use their service; b) the processes and costs associated with annual verification of Lifeline customers' continuing eligibility; c) whether Lifeline benefits should be available with bundled service offerings; d) how to prevent duplicate enrollment and improper transfer of Lifeline services; d) the initial enrollment certification of eligibility and enrollment procedures; and e) whether and how to allow Link Up support for services which do not involve customary costs for commencement of service to new customers. Attendees at the meeting were provided with TracFone's Internet-based Enrollment User Guide. A copy of that Enrollment User Guide document is enclosed with this letter. Positions expressed by TracFone during this meeting were consistent with those expressed on the record previously in this proceeding.

Pursuant to Section 1.1206(b) of the Commission's Rules, this letter is being filed electronically. If there are questions, please communicate with undersigned counsel.

Respectfully submitted,

Mitchell F. Brecher

LIFELINE/SAFELINK FACT SHEET

There is no "Obama phone" or other newly created federal program to provide free cell phones. As you may know, this is a myth that is now circulating on the Web via email and blog sites. It has been thoroughly debunked by independent groups. See for example: <http://www.factcheck.org/2009/10/the-obama-phone/>, which notes: "Low-income households have been eligible for discounted telephone service for more than a decade. But the program is funded by telecom companies, not by taxes, and the president has nothing to do with it."

The federal "Lifeline" program was created during the Reagan Administration. Lifeline is a federal program created by the Reagan era Federal Communications Commission (FCC) in 1984. The program was enhanced under Telecommunications Act of 1996, which was supported on a broadly bipartisan basis in Congress. The FCC's Low Income Program of the Universal Service Fund, which is administered by the Universal Service Administrative Company (USAC), is designed to ensure that quality telecommunications services are available to low-income customers at just, reasonable, and affordable rates. Lifeline support reduces eligible low-income consumers' monthly charges for basic telephone service.

Thanks to SafeLink, Lifeline support is now available for wireless phones. Traditionally, the Lifeline program was only available as a discount on a consumer's landline telephone bill. SafeLink Wireless was created by TracFone Wireless, Inc., when the Federal Communications Commission (FCC) recently approved the company to offer Lifeline – a public assistance program that ensures telephone service is available and affordable for low-income subscribers. SafeLink Wireless applies the Universal Service Fund subsidy to an allotment of free airtime minutes and TracFone provides the wireless handset at the company's expense. Instead of receiving a subsidized monthly telephone bill for Lifeline service, SafeLink converts the total amount of discounted service into minutes each month for one year. The cell phone offers in-demand features: voicemail, text, three-way calling, call waiting, caller ID and access to 911.

SafeLink phones are **paid** for by taxpayers or the federal government. TracFone Wireless pays for the phones and also the cost of promoting its SafeLink program to make sure that eligible consumers know about the program.

SafeLink Wireless is making the vision of universal access to telecommunications services for all Americans a reality. As of October 2009, SafeLink has over 2 million customers and is available in 35 states - Alabama, Arizona, Arkansas, Connecticut, DC, Delaware, Florida, Georgia, Illinois, Iowa, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Puerto Rico, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, West Virginia and Wisconsin. Today, there are over 1,700 companies in the United States currently providing discounted telephone service. But, thanks to its extensive outreach promoting SafeLink, TracFone Wireless is one of the largest providers of Lifeline services in the United States, second only to AT&T.

Only certain Americans are eligible for SafeLink. Eligibility guidelines vary by state but in general individuals qualify if they participate in a public assistance program such as Food Stamps, Medicaid, Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), Low Income Home Energy Assistance Program (LIHEAP), National Free School Lunch, Federal Housing/Section 8 Assistance, or if they do not receive any of these public assistance programs, they may also qualify based on total household gross monthly income. Customers can learn more or apply by calling 1-800-SAFELINK or visiting www.SafeLink.com

Your exact benefits, including the number of free Minutes you will receive, depend on the state you live in.

How to Qualify

The process to qualify for Lifeline Service depends on the State you live in. In general, you may qualify if...

1. You already participate in other State or Federal assistance program such as Federal Public Housing Assistance, Food Stamps and Medicaid.

OR

2. Your total household income is at or below of the poverty guidelines set by your State and/or the Federal Government.

AND

3. No one in your household currently receives Lifeline Service through another phone carrier.
4. You have a valid United States Postal Address. In order for us to ship you your free phone you must live at a residence that can receive mail from the US Post Office. Sorry, but P.O. Boxes cannot be accepted.

In addition to meeting the guidelines above you will also be required to provide proof of your participation in an assistance program, or proof of your income level.
